

GORDANO EXTRA

**A student and parent guide to the
Gordano Extra Curricular offer**

WELCOME BACK STUDENTS!

At Gordano we aim to enrich the school experience for our Students through our Extra-Curricular programme.

Pupils are encouraged to take up and try new hobbies and sports, develop various skills and participate in a range of inspiring activities.

We are fortunate and grateful to have such a wide range of activities on offer, all delivered by our committed staff and volunteers from the wider community to deliver our ever evolving student programme.

This booklet provides all the details you will need to choose which clubs/activities you will want to get involved in.

Just turn up in the right place at the right time and any club will be thrilled to see you!

WHY SHOULD I TAKE PART?

When you participate in multiple different activities, you'll get the opportunity to explore a range of interests and unlock passions you never knew you had! Plus, diversifying your interests broadens your world view.

Working hard and mastering new skills in a fun, relaxed – and sometimes competitive – setting allows you to be successful without the pressure of getting a good grade. Plus, once your confidence improves, you'll be more open to taking risks in all aspects of your life.

Each extracurricular activity you engage in provides you with another opportunity to expand your social network, make connections with a range of people and work together to contribute to a more inclusive and diverse society

D&D

Faerûn needs you!

Become part of the most respected (or feared) adventuring party in the Forgotten realms. If you are a Barbarian, Warlock or Rogue, learn to tell stories and create worlds with the simple roll of a dice.

We will learn to build characters that will help you become the hero you want to be. Choose your path and with your party, find friends, fun and maybe a few enemies along the way.

You will:

- Learn to communicate
- Grow confidence in your storytelling
- Develop a strong community and friendships
- Figure out to make the best of a tricky situation, brush it off and try again for that Nat 20

KARATE AND FITNESS

With 40 years of experience teaching the martial arts, I hope I can challenge your child so they can reach their full potential. As a school teacher at Gordano, I am aware that every child matters.

We practice Okinawan Goju Ryu - a practical karate style which places heavy emphasis on real protection. The session has been adapted for children and young adults. Classes are suited to all students from the super fit to those who want to get fit. We welcome beginners and practitioners from other styles and at every level and age group.

So, if you want to get fit, learn something new, and be part of a friendly, inclusive environment, get in touch!
