

Name: Careers Group:

Year 12

Futures Week

4th July - 8th July 2022

Year 12: Welcome

This week you'll find out about many of the options available when you leave school in 2023: it sounds a long way off, but University applications start this autumn and apprenticeship opportunities come up throughout the year so we need to give you as much information as we can now that your exams are over.

Monday and Tuesday, you will start your week by exploring a mixture of Higher Education, Apprenticeship and transferable skills workshops. Wednesday will allow you to personalise the programme to your interests more and you must complete the Microsoft form to indicate which sessions you will be in attendance

Finally, Thursday and Friday we offer you flexibility to earn volunteering hours, undertake virtual work experience, gain Work shadowing experience or to attend subject-specific sessions.

Note, we're not offering 2 days off - we will want an account of how you've spent this time and is a perfect opportunity to carry out activities that will aid your UCAS application or job applications next year.

Remember:

- Don't lose this booklet!

Mrs Gardiner, Careers Adviser

Group	Tutor Group	Monday	Tuesday
A	SF2/SF11/SF15	Mrs C Waite	Mrs C Waite
