## <u> Task 2</u>

Keeping up to date with what is happening in the business world is essential, therefore you have been tasked with the following;

Investigate a business of your choice and create a profile to include

- 1) Brief background of the business
- 2) Details of the products and services they offer
- 3) Ownership type and information about the owners
- 4) What customers they target
- 5) What channels they use to sell to their customers
- 6) How has the recent coronavirus pandemic affected their business

This Profile Should be no more than two pages and you are able to complete this in any format for example a word document or PowerPoint.

Please ensure you keep a bibliography to show where your research has come from

### Task 3: Double Students ONLY

#### Unit 4 – Managing an Event

Imagine you are creating an event for a medium sized company, they would like to celebrate the end of a successful year and hand out awards to staff members. I would like you to compile a step by step guide on 'how to create a successful event', for each step you need to explain what you think would be most suitable for this scenario, for example you will need a venue to fit around 250 guests with a stage for speeches etc, please make a local recommendation.

You will need to talk about factors such as;

- 1) Picking a venue
- 2) Setting a budget
- 3) Choosing a team to plan the event, what skills will you need?
- 4) Promoting the event
- 5) Catering
- 6) Entertainment
- 7) Lighting

You will need to research events management companies in order to find out additional information.

You need to present your findings in a powerpoint, highlighting what it takes to run a successful event and put together a step by step guide to success for instance step 1 may be 'agreeing a budget with the event organiser'.
